PRICE LIST FOR NUT TREES

SPRING, 1938

Good until November 10, 1938, when our new price list will be out.

Be sure to read the last paragraph about shipping with ball of earth.

Prices F. O. B. Railway Express or Freight office, Round Hill, Va., unless otherwise stated.

ONE DOZEN SOLD FOR THE PRICE OF TEN TREES.
DOZEN RATE DOES NOT APPLY TO LESS THAN FOUR TREES OF ONE VARIETY

	1-2 ft. Each	2-3 ft. Each	3-4 ft. Each	4-5 ft. Each	5-6 ft. Each	6-7 ft. Each	7-8 ft. Each	8-10 ft. Each	10-12 ft. Each
Black Walnut									
(Thomas, Stabler) ...\$	\$		\$1.75	\$2.00	\$2.50	\$3.00	\$3.50	\$4.50	\$5.50
Northern Pecan									
(Busseron, Kentucky, Greenriver)			2.50	2.75	3.00	3.50	4.00	5.00	6.00
PECAN x HICKORY HY- BRID—HICCAN									
(Burlington, McCallis- ter, Des Moines (rival of Burlington) Gerardi, a new one. Hybrid Hickory. Fairbanks, Stratford			2.50	2.75	3.00	3.50	4.00	5.00	6.00
Pure Shagbark		2.50	3.00	4.00	4.50				
English Walnut, Grafted ..		2.25	2.50	2.75	3.00				
Chinese Chestnut, Grafted * .90		1.00	1.50	1.75	2.00	2.50			
Persimmon, Grafted **									
Honey Locust, Grafted ..			1.25	1.50					
Honey Locust Seedlings for your own grafting, Transplanted35						
Mulberry, Grafted									
Hicks variety75	1.00						
Pawpaw Seedlings	1.00	1.25	1.50						

Chinese Chestnut Seedlings—Sturdy, two-year trees, well-rooted, parcel post prepaid: 3 trees \$1.00; 12 trees \$3.00; 100 trees \$22.00; 1000 trees, not prepaid, \$200; (25 sold at hundred rate; 300 sold at thousand rate.)

Trees will be prepared with ball of earth carefully burlapped and put on train for \$1.50 per tree extra.

* NOTE: The Connecticut Yankee variety is for some reason very hard to graft, and therefore much more expensive to grow, and prices for it are 25¢ per tree higher for all sizes.

** Regret to state that we are sold out on persimmons. They are too good to keep. Try us next season. We have stocks and we have hopes.

Address and make checks payable to:

J. RUSSELL SMITH, SWARTHMORE, PA.

Do not telephone Swarthmore about trees. Do not call about trees. It is a strictly mail order office. The trees are far away on the Blue Ridge mountains. Your letters will receive prompt attention.

SHAGBARK HICKORIES

We have a few trees of several varieties Weiker, Fox, Glover, all good. We have no idea which is best. As they are so few we suggest that you state your preferences in 1 2 3 order or let us send you the one we think does best in your locality.

RARE TREES

As company for my old age I am building up a collection of varieties of Shagbarks on my Blue Ridge mountainside. I now have about 70 varieties. They are interesting company. My human friends get busy, they get old, they go to the great beyond. The trees keep green and grow greater and greater as the years roll by—very interesting company!

During the last 25 years the Northern Nut Growers Association has been advertising and offering prizes for the best Hickory nuts. Nearly a hundred varieties have been thought good enough to name and give a trial. Mr. Willard Bixby, of Baldwin, N. Y., had most of these as some of his several hundred varieties of nut trees. After his lamented death this priceless arboretum was dispersed. I got cions of most of the Hickories for my
 (over)

old-age collection and to test out for the benefit of the public. I CAN SPARE A TREE OR TWO OR THREE OF SOME THIRTY OR FORTY VARIETIES. See below.

This is an opportunity for experimenters that is not likely to happen again soon.

I strongly recommend that you let us ship them, and other large sized trees, by railway freight with ball of earth (balled and burlapped). You will be surprised to see how reasonable the freight rates are. Your local railway can give you exact freight rate to your station. Present rates, per 100 pounds, from Round Hill, Va., to:

Philadelphia, Pa., 55¢; Boston, Mass., 83¢; Buffalo, N. Y., 81¢; Pittsburgh, Pa., 69¢; Chicago, Ill., \$1.02.

Planting with ball of earth is the quick way to get a nut tree started. It can start to growing the first year and you save two years' time. I'm doing it with my 50 acres of Pecans—trucking the trees fifteen miles. Last spring I put 40 balled and burlapped hickories out in a bluegrass sheep pasture. They all lived. Let us send yours that way.

FEBRUARY 15- 1938
LIST OF RARE HICKORY TREES, HICKORY HYBRIDS,
AND PECANS FOR SALE

I want these trees to be saved for testing. Therefore I will sell one or the lot balled and burlapped f. o. b. car as follows: under 6 feet, \$4.00; 6-8 feet, \$4.50; over 8 feet, \$5.00. If tree is crooked, it goes at the price of the next smaller grade. The crooked trees are not very crooked. Please order by number and give second choice and third choice.
